We are looking forward to seeing you the weekend of April 24th.

Come To Big Richland . . .

A firm's first production sale is always a milestone event. It marks the beginning of what often becomes a breed-building saga.

Started in 1972, Big Richland has come a long way. A herd of 150 breeding-age females is now maintained and headed by a sire battery representing some of the breed's most dependable and successful bloodlines. Included in the herd foundation were 67 head of Bob-Lee females, the kind that made their dispersion a record-making event.

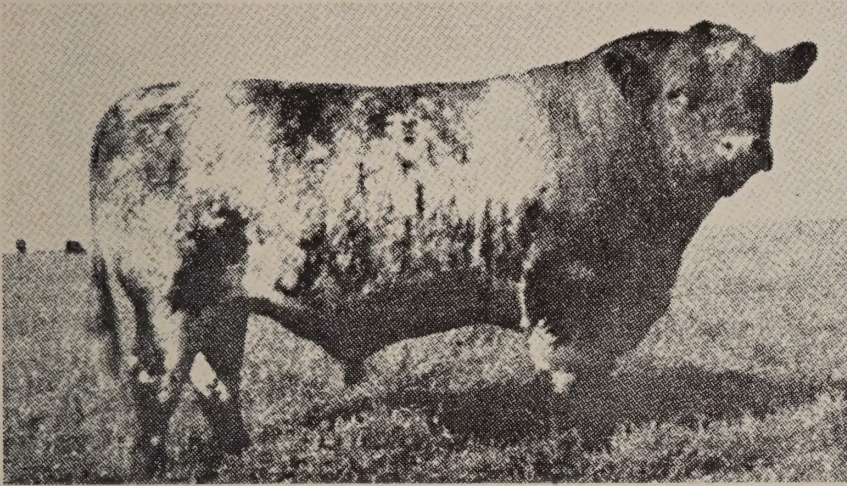

Whether you are starting a herd, or improving an existing one, you owe it to yourself to attend this sale. The partners in Big Richland . . . James Dotson, Ed Hatcher and Steve Ross . . . are enthusiastic young men of vision. Your support will do much to confirm their faith in our great breed and encourage them in their breed-promoting efforts.

I am proud that this sale marks my 225th Short-horn managed event. Because I firmly believe that Big Richland will play a vital role in the breed's future.

Make plans now to attend the Big Richland "Share The Herd" Sale, April 24th.

Bill Stunkel
Sale Manager

ADDED ENTRIES

It is the intention of Big Richland to have some added entries to this event. They will enhance the already broad investment opportunities in this auction. The Shorthorn-Polled Shorthorn breed is a vital force in Southeastern agriculture. There is a growing demand for the breed's extra milking ability which enhances weaning weights and the profit potential of the cow-calf man. With the new change in beef grading, more and more cattlemen will need the gaining ability, choice grading consistency and finishing qualities of Shorthorns and Polled Shorthorns to enhance cash flow. Here is THE SALE in which to lay strong herd foundations and improve existing ones.

STANDARD GUARANTEE

ENDORSED BY THE AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
